

## September 2024 Class Schedule

**Beginning Crochet:** Ready to get in on the hottest thing in fiber arts? Learn to crochet! In this **2 session class** we will start from the very beginning and learn to make a chain, single crochet, double crochet and half double crochet. From there we will explore next steps in using these skills to make scarves, mitts, shawls and finish by learning to read a pattern and make your very first granny square! **Pre-requisite Skills:** None required!

- Wednesdays, September 18 & 25 from 6-8 p.m. with Terri
- \$60 plus supplies

**Beginning Knitting:** Knitting is now more popular than ever, and you can learn too! In this **2-session class**, students will learn how to cast on, the knit & purl stitch, knit and purl combination stitches in the same row, and how to read a pattern. During the second class, you will learn how to shop for and start your first project, the Wheat Scarf by Tin Can Knits. **Pre-requisite Skills:** None Required!

- Thursdays, September 12 & 19 from 6-8 p.m. with Steph
- \$60 plus supplies

**Beginning Spinning on a Wheel:** This newly formatted class will teach you to spin your first handspun yarn from start to finish!

Week 1: The best way to start spinning on a wheel is to get to know your equipment first. In this class, we will get to know your equipment, including wheel mechanics, adjustment, cleaning & maintenance. We will talk about how to choose a good seat to spin from and ergonomics to keep you spinning for years to come. We will also cover what fibers are the most beginner-friendly!

Week 2: We will attach leaders to your bobbins and then discuss how to set up your wheel for each new spin, how to prepare your fibers for spinning, how to coordinate your feet and your hands, and SPIN!

Week 3: After you've learned the ins and outs of your wheel and how to spin a continuous single, the next step is to ply your yarn. In this class, we will cover how to make traditional 2-ply yarn, traditional 3-ply yarn, and chain-plied yarns. We will also talk about how to best prepare your singles for plying, why you need a

lazy kate, how to construct your own lazy kate on the cheap, and what to do if you \*gasp\* ply your yarn in the wrong direction.

Week 4: If you've spent any time around spinners or weavers, you have likely heard one say, "It's not finished until it's WET FINISHED." What is wet finishing? Why is it important? What is fulling - is that another word for felting? What is "thwacking"? How does one do it? We will answer all those questions and more in this class! We will wet finish your newly plied yarn you spun for homework in class. **Pre-requisite Skills: All!** This class will be helpful for total beginners, to those returning to spinning after a hiatus, to those who just want to deepen their skill set! **Wheels must be assembled and in working order (things that should move do and things that shouldn't move don't; drive bands, brake bands, and footmen intact, all parts present, including flyer and bobbin). If you're unsure if your wheel is in working order, please schedule a Spin Doctor Wheel Evaluation before class.**

- Tuesdays, September 3, 10, 17 & 24 from 6-8 p.m. with Donita
