A Good Fit Sweater KAL (virtual) Parts 2 & 3: Ready to make your first well fitted sweater? Join Andrea and others as we knit along together to make either the Felix Pullover by Amy Christoffers or Flax by Tin Can Knits or the top down pattern of your choice. These simple top down raglan sweaters come in several sizes to fit all body types. In this virtual class you will learn how to choose a size and customize the pattern to fit you while knitting along with others for encouragement. We will talk about shortrow shaping and adding or shortening length of the body and/or sleeves of your sweater. One-on-one help sessions will be available between zoom sessions. **Pre-requisite Skills:** Advanced Beginners and up who are proficient in basic knitting skills that include longtail cast on, knit and purl combinations, working in the round, and yarn over or make 1 increases. Experience in making a sweater is helpful.

- Sundays, February 1 & 11 from 7-8 p.m. with Andrea on Zoom
- Complimentary with purchase of yarn for sweater

***New* Beginning Brioche Hat:** Are you ready to knit a quick 2 color brioche hat that is beginner friendly? This hat is designed especially for beginners that want to learn brioche or experienced knitters that just want to knit a fast hat! There are no advanced brioche skills needed as the crown shaping is done with standard decreases! **Pre-requisite Skills:** Cast on, knit, & purl in the round with prior experience in knitting a hat.

Beginning Rigid Heddle Weaving: Ever wanted to try weaving? Learn how to make woven fabric on a super portable, super approachable, super affordable rigid heddle loom! In the morning, we will learn common weaving terms (including the parts of the loom), how to direct-warp a loom using a warping peg, how to thread your loom, and how to weave fabric. In the afternoon, we will finish weaving and cover finishing techniques including knotting and trimming fringe, and wet-finishing your woven fabric. Students will leave with a set of coasters to felt at home. **Pre-requisite Skills:** None

- Sunday, February 22 from 10 a.m.- 4 p.m. with Donita
- \$90 plus supplies

Beginning Spinning on a Wheel: This newly formatted class will teach you to spin your first handspun yarn from start to finish! Week 1: The best way to start spinning on a wheel is to get to know your equipment first. In this class, we will get to know your equipment, including wheel mechanics, adjustment, cleaning & maintenance. We will talk about how to choose a good seat to spin from and ergonomics to keep you spinning for years to come. We will also cover what fibers are the most beginner-friendly! Week 2: We will attach leaders to your bobbins and then discuss how to set up your wheel for each new spin, how to prepare your fibers for spinning, how to coordinate your feet and your hands, and SPIN!

Week 3: After you've learned the ins and outs of your wheel and how to spin a continuous single, the next step is to ply your yarn. In this class, we will cover how to make traditional 2-ply yarn, traditional 3-ply yarn, and chain-plied yarns. We will also talk about how to best prepare your singles for plying, why you need a lazy kate, how to construct your own lazy kate on the cheap, and what to do if you *gasp* ply your yarn in the wrong direction. Week 4: If you've spent any time around spinners or weavers, you have likely heard one say, "It's not finished until it's WET FINISHED." What is wet finishing? Why is it important? What is fulling - is that another word for felting? What is "thwacking"? How does one do it? We will answer all those questions and more in this class! We will wet finish your newly plied yarn you spun for homework in class. **Pre-requisite Skills:** Skill level: all! This class will be helpful for total beginners, to those returning to spinning after a hiatus, to those who just want to deepen their skill set!

Wheels must be assembled and in working order (things that should move do and things that shouldn't move don't; drive bands, brake bands, & footmen intact, all parts present, including flyer and bobbin).

If you're unsure if your wheel is in working order, please schedule a Spin Doctor Wheel Evaluation before class.

- Mondays, February 23, March 2, 9 & 16 from 6-8 p.m. with Donita
- \$120 + \$30 materials fee payable to Donita the first night of class

Direct Warp Review (Virtual): Have you taken a beginner RH weaving class, but would like to brush up on your direct warping skills? In this Zoom class, we will do a step-by-step review of how to warp your loom using the direct warping method. Direct warping using a warping peg allows you to measure your warp while applying the warp to your loom. You will be able to warp your loom in your own space, while having me virtually alongside you to answer questions as they arise! **Pre-requisite Skills:** To be successful in this class, you must have previous in-person instruction on RH weaving. **This class is only for rigid heddle looms, not any type of multi-shaft loom like table looms or floor looms.**

- Thursday, February 5 from 6-8 p.m.
- \$30

How to Choose a Spinning Wheel (Virtual): Double Drive? Scotch tension? Irish tension? Whorls? Ratios? Treadles? Castle? Saxony? With all these words to describe spinning wheels, how can you know what makes a good wheel for YOU?

In this class, we will go over what all these words (and more!) mean for you when it's time to shop for a spinning wheel.

- Tuesday, February 10 from 6-8 p.m. with Donita
- \$30
